Darnell Lambert
Director, Engineering
Gilbertson Administration Building
Engineering
12 Gilbertson Drive, Simcoe, Ontario, N3Y 4N5

Darnell,

Please accept this letter as confirmation that that the proposed route for sanitary services along the utility corridor known as the "trail", to service the Calibrex development can be further examined and that if deemed to be the proposed preferred serving option, I (in principle) would be willing to convey an easement encapsulating this routing option.

Respectfully,

Peter Labiris
2177546 Ontario Inc.
