Subject: Notification of Upcoming Sidewalk Installation in Bluegrass Estates
Subdivision

Dear Homeowner,

We are writing to inform you that sidewalk installation in Bluegrass Estates Phase 3 is planned for the spring of 2025. While we do not yet have an exact start date, we will send another notice closer to the time when the work is scheduled to begin.

During the project, there may be temporary disruptions to road access and parking. We ask for your patience and cooperation as the work is completed. Please ensure children and pets are kept away from the construction areas for their safety.

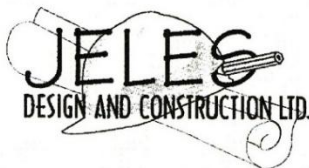

If you have any concerns or specific issues related to your property, please contact us.

Thank you for your understanding.

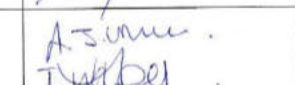

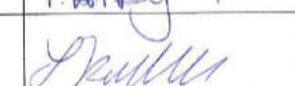

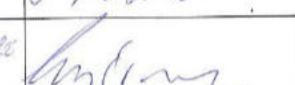

Sincerely,

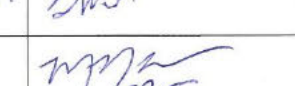

Benjamin Jeles
