Hi Devin,

Thank you for informing me that there will be a decision made to terminate the seasonal closure of Snooks Drive by Council on April 12th 2022. I do have a few concerns that I would like to address. I understand that the closure was put in place to mitigate traffic flow in the area during the summer season. As you know Turkey Point is a busy beach town during the months of June through September especially during the weekends when the sun is shining and the sun worshipers enjoy the beach with family and friends. I do see heavy traffic flow on weekends when people are looking for parking spots and exploring the area, the road closure helps control the traffic flow on the narrow roads. Removing the road closure will have additional vehicles driving through the area looking for parking and cause greater erosion on the road way especially Snooks Rd. I do have a safety concern regarding traffic flow, as a beach town there are quite a few pedestrians with their kids juggling their wagons with beach toys/floaties walking down Snooks Rd / Harold Street to the sandy beach of Turkey Point. The roads are narrow causing vehicles to drive part way on lawns to pass pedestrians and other vehicles causing ruts and further erosion on the roadway. If the approval is successful can you put no parking provisions onto Snooks Dr, if unsuccessful the temporary road closure sign needs to be updated as the sign is not to standard and hard to see at night.

Thanks again in allowing me to respond to the seasonal road closure decision.
